*Fee includes plan review and one final inspection

Commercial Development/Residential Subdivision Review

Commercial Development/Residential Subdivision	Fee*
Per Hydrant	\$100.00 per Hydrant

*Hudson Fire Protection District reviews all submittals for proposed commercial development projects, residential subdivisions, including single family, duplex, single-family attached and multi-family. Plan review fees are assessed based on a count of the proposed number of fire hydrants in the subdivision as a means for estimating staff time dedicated to review of submitted drawings and plats for compliance with the adopted fire code. Fees also provide for staff attendance at planning and engineering meetings, periodic site inspections, and correspondence and consultation related to the project. Additional fees may be assessed for resubmittals or changes made to the initial submittal based upon the significance of the changes.

Hazardous Materials/Processes Inventory or Plan Review Fees

Any applications for special hazards or new installations of hazardous materials and/or processes may be charged a plan review fee based on the type(s) of hazards. The hazardous materials/processes plan review fee shall be \$75.00 per hour or any fraction thereof. Examples of where this fee may be charged include, but are not limited to, carbon dioxide (CO2) enrichment system, flammable/combustible liquid storage/use, propane (LPG) storage/use, fumigation/thermal insecticidal fogging, plant extraction operations, or compressed gas storage/use.

Related Fees: The payment of the fee for construction, uses, processes, or operations authorized by an operational permit or construction permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law or required by this Fee Schedule.

Outside Consultant: Plan and/or information reviews may be sent to an outside consultant retained by the Hudson Fire Protection District for this purpose. The applicant shall be required to pay the direct costs of the consultant's services plus a \$50 administrative handling fee to the Hudson Fire Protection District.

Contractor Licensing: All contractors installing and/or repairing fire protection systems (i.e., fire alarms, fire sprinkler, hood systems, etc.) within the Hudson Fire Protection District jurisdiction are required to possess an applicable registration with the Colorado Division of Fire Prevention and Control.

Fire Protection System Permits: The Hudson Fire Protection District issues permits for installation of any new, or modification to any existing, fire alarm or fire sprinkler system, including kitchen hood systems. These permits are in addition to any permits required by the municipality/County. Permits shall only be issued upon review of submitted plans. Each permit shall be assessed the appropriate fee amount based on the square footage of the project
